-----------	-----------------

Travel and living Expenses:

Invoiced at cost
Meals billed at U.S. federal per diem rates

Notes:

For safety reasons, employees are limited to a maximum of 12 hours worked per day.

If the technician works 12 hours or more in a day, leaves the plant and is required to return the next day without having a break of at least 8 hours, his time will continue to be billed at \$180.00 per hour.

You will be billed a minimum of 8 hours per day. If the technician must stay in the area but is unable to work, you will be charged for layover time up to 8 hours per day. If both work hours and layover hours are incurred on the same day, no more than 8 hours combined will be billed.

You are responsible for all travel and living expenses to and from your plant as well as charges incurred while the technician is working in your plant.

The rates and terms as listed are subject to change with or without advance notice. Rates do not include any state or local sales or use taxes.

Expense receipts will be furnished at a cost of \$150.00 per request.

A schedule listing all eligible U.S. Holidays follows. This schedule is updated annually.
